Subject: Merry Christmas and Happy New Years!

My fellow Veterans, Family, and Friends,

My wife Pat and I would like to very much wish you all a Merry Christmas and a Happy New Years. There is so many opinions of XMAS throughout the world; but, there is one thing that all of them have in common, family. Who is your family? Our family consists of Mom Dad Wife Hubby Children Brothers Sisters Grandparents Grandchildren... as well as our Friends, Fellow Veterans, Co-Workers...from different backgrounds, ethnic groups, beliefs... the lists goes as far as you want to take it.

During this holiday, our great nation is going through some tough times. As we sit here today, we sincerely wish all people come together as one family and be thankful for what we have, pray and help those in need, and know that everyone is blessed.

Thank You for everything you do that keeps our family strong and together. Everyone who cannot be with their families during this holiday season, You are in our Prayers!

Again, have a Merry Christmas and Happy New Years! Be Safe!
