

*Dear Little Friend,*

*All through the year I've been hearing how very, very good you've been.*

*I guess you know that Christmas is almost here, and oh, what fun we've had at Santa's Shop making all the new toys for all my little friends.*

*The Christmas toys are almost done; the trains, the dolls, the bicycles, the games, the skates are all new and shiny and ready to be delivered.*

*It won't be long before we leave on our journey, and while you are fast asleep my sleigh and my eight little reindeer will bring me right to your rooftop.*

*I know you are wondering what I am going to bring you, but that is a very big secret.*

*Ho, ho, ho. Just wait and see!*

*Your jolly old friend,*

*Santa Claus*
